

Red7Marine, Recruitment

Job Title: Maritime Civil Engineer, Year-in-industry Placement

Red7Marine is a value-led organisation operating in the marine construction and renewables industries. Our staff are at the very core of the business, and we are committed to attracting talent to coordinate innovative marine projects. We are seeking a self-motivated and enthusiastic engineering student to join our forward thinking & dynamic team of Engineers and Marine Ops.

At Red 7 Marine you will work on a fascinating range of maritime projects both in the UK and overseas. You will gain a broad range of experience in different aspects of maritime project delivery from option analysis, project planning, design and drawing preparation through to site delivery of marine projects around the UK. We are looking for a versatile candidate who can adapt to our project specific requirements undertaking tasks on-site and in-office that are likely to include:

- Engineering and planning for marine vessels and operations.
- Various Front-End Engineering Design.
- Production of sketches and drawings.
- Site engineering opportunities.
- HSE and CDM document coordination.
- Construction setting out and surveying.

Attributes we are looking for:

- Applicants should have a passion for maritime civil engineering
- At least a 2:1 / Merit BEng / MEng in Civil Engineering (or working towards)
- Good communication skills and ability to work within a team environment
- IT skills and experience including MS Office, CAD and structural design software
- Setting out and Surveying experience (not essential but preferred)
- Previous site experience (not essential but preferred)

The successful candidate will be enrolled on our training scheme which is fully accredited by the Institution of Civil Engineers and you will be encouraged and supported towards achieving your goal of becoming a professional Chartered Engineer. Our training scheme offers a variety of experiences which is focused on your success. Salary as follows:

- Salary: Highly Competitive.
- R7M fleet vehicle to be provided.
- Relocation fees will be considered.

If you are interested in a career and you possess the right attributes, then please send your CV and covering letter to Ryan.Deakin-Hough@r7m.co.uk by 10 March 2023.
